2	The Install Wizard will prepare the installation process.												
3	Click [Next] to continue.												

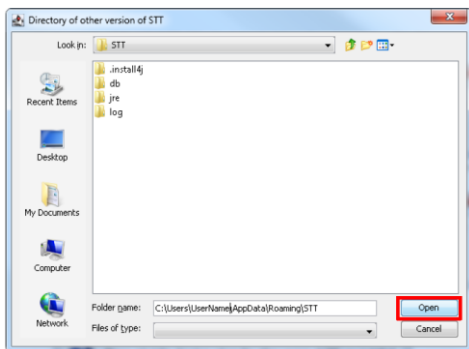

4 Select the installation directory, and then click **[Next]**.

5 Enter a name for the Start Menu Shortcut, and then click **[Next]**.

6 Installation will proceed.

7 Choose “Yes” and select the directory where the other version of STT was previously installed in order to migrate the existing database (if any). If not, choose “No” and go to Step 8.

An example of the directory is:

C:/Users/{UserName}/AppData/Roaming/STT

where {UserName} is the name of the Windows Account.

8 Click **[Finish]** to complete the installation.

9 Enter the unique license key.
