

FMP - Budgeting

Budgeting - EDB Grant

- User can input the EDB grant amount allocated by EDB for the school levels / sessions in each of the accounting years as per Allocation Advice.
- Auto validation of the budget amount against the EDB grant is enabled when user is preparing budget.
- EDB grant amount of each of the school levels / sessions is set to zero by default when a new accounting year is created.
- Validation feature is turned on when the EDB grant amount is greater than \$0.00. Besides providing the feature for the budget to cross check against the EDB grant, this function also allows the EDB grant to validate against the budget (if any).
- This is an optional information. If this function is not used, i.e. the EDB grant amount is \$0.00, the budget amount will not be validated against the EDB grant amount.
